

IPC PSU FSP460-701UH

DESCRIPTION

FSP460-701UH is an industrial level of switching power supply. The power supply comes to offer the total power capacity up to 460 Watts, and uses unique active PFC (Power Factor Correction) circuit design with its high-load electrical components, makes it to be perfectly used in an industrial environment. In addition, with its full range of input and output electrical features. input and output electrical features, the power supply is ideally the best choice for server, workstation, communication or any other automation applications to use. The product also complies with the latest safety and EMC standards, which is perfectly to meet various regulations worldwide.

APPLICATION

For standard, advanced server, NAS, storage, and industrial power system.

FEATURES

WATTAGE

Wattage:

DIMENSION

Dimension:

Altitude:

- 85 Plus Bronze
- Low Ripple & Noise
- Output over voltage protection
- Short circuit protection on all outputs Resettable power shut down
- Triple +12V output (+12V/1,+12V/2, +12V/3)
- INTERNAL 4 cm fan
- 100% burn-in under high ambient temperature(50° C)
- Vacuum-impregnated transformer MTBF:100K hours at 25°C

460W
